Dear friends,

PEI Kids has a 30-year tradition as the standard-bearer for child safety and child assault prevention in Mercer County. As a career law enforcement professional, I have seen first-hand the need that PEI Kids fills and the impact of the agency's work in our community. As we continue our legacy, the task set before us is to prepare for tomorrow's challenges while drawing from yesterday's wisdom.

In 2015, I had the opportunity to witness many exciting developments at PEI Kids, including implementation of a new strategic plan, launch of initiatives and new program partnerships, infrastructure improvements, and a renewed focus on operational excellence. We continue to benefit from an engaged and well-rounded Board of Trustees that consistently provides impressive leadership, oversight, and meaningful support.

After serving as a Trustee for many years, it is now my privilege to help govern this highly-regarded organization as its Board President. I am proud of our accomplishments over the past year and the impact that we've had on a generation of children and families in Mercer County. I am also humbled by the tremendous outpouring of community support for the agency's mission and for the work that PEI Kids does every day.

Thank you for your support and dedication, your words of encouragement, and for all you do to make this very important work possible.

Yours in service,

George C. Meyer
George C. Meyer
Board President

Dear friends,

In 2015 PEI Kids celebrated its 30th anniversary of serving the children and youth of Greater Mercer County. This was also my first full year with the agency. I came to PEI Kids because I was attracted to its rich history and timeless mission: dedicated to promoting and maintaining a safe environment for all children.

Even as our agency grows and adapts to changing times, we have maintained a singular focus on fulfilling this mission through the work of our core programs which bring prevention education, healing for child victims of sexual abuse, redirection for at-risk youth desiring to turn their lives around, and stability and support for children in foster care. We are fulfilled to do this meaningful work every day, and the work is truly our reward.

Our 2015 annual report is a tribute to the hope and promise we see in the young people who we are privileged to serve. This report is also a testament to all of you who help us make a difference in their lives. It reflects the commitment and generosity of the individuals, families, foundations, and corporations that make our service to Mercer County's children possible.

I cannot overstate the heartfelt gratitude that I feel for the many members of our community – donors, grantors, volunteers, supporters, program partners – who give precious resources that enable PEI Kids to serve where and how we are most needed. Everything we do and accomplish is because of your generous support. On behalf of all those we serve, thank you for your thoughtful and generous support. The progress we report in the following pages couldn't exist without you.

With a grateful heart,

Roslyn E. Dashiell

MISSION

PEI Kids is dedicated to promoting and maintaining a safe environment for all children. PEI Kids works with the child, family, and caregiver to provide prevention, intervention, and advocacy programs relating to personal safety, sexual abuse, and the overall well-being of the child.

In 2015, PEI Kids celebrated 30 years of service to the Mercer County community. We served nearly 12,000 children, youth, and family members through our prevention education and intervention programs, including our school-based workshops which taught students how to stay safe from assault, abuse, and bullying; and our adult workshops which taught teachers and parents how to reinforce these strategies and keep children safe.

Through our intervention services, we provided crisis counseling for child victims of sexual abuse, anger management for at-risk youth, community-based rehabilitation for first-time juvenile offenders, and support services for children in foster care. PEI Kids continued to expand its services, outreach, and community partnerships to meet the needs of Mercer County's children and youth and create an environment where they can grow and thrive.

Our Mother/Daughter Support Group enjoyed a circus performance followed by a confidence-building clinic.

PREVENTION EDUCATION

LAST YEAR, OUR PREVENTION EDUCATION WORKSHOPS TAUGHT OVER 11,000 STUDENTS, PARENTS, EDUCATORS AND COMMUNITY MEMBERS HOW TO KEEP CHILDREN SAFE.

Our prevention education programs seek to prevent violence and abuse in the lives of children through school-based workshops, assemblies, and free community seminars that teach important safety concepts and strategies.

PREVENTION EDUCATION

SCHOOL BASED WORKSHOPS - 498

SCHOOLS VISITED - 65

COMMUNITY WORKSHOPS - 13

ADULTS TRAINED/EDUCATED - 642

DISCLOSURES OF ABUSE REPORTED - 7*

* Based on 2015-2016 school year

In 2015, our specially-trained facilitators conducted 498 workshops in 65 public, private, and charter schools reaching 10,967 pre-k to eighth-grade students, teachers, administrators, and parents. Facilitators are adept at engaging students in an age-appropriate way and creating a safe environment for children to disclose concerns – such as a third-grade boy, who was being exposed to his father's drug use while enduring physical assaults; or a second grade girl who was being sexually molested by her teen-aged sister/babysitter. We were able to bring intervention and support to these children and begin a process of healing.

FOLLOWING OUR CHILD ASSAULT PREVENTION WORKSHOPS:

90% of students demonstrate complete knowledge of their right to be safe, strong and free

98% of students could identify a trusted adult

99% of school staff view the programming as valuable and essential

99% of school staff plan to reinforce and follow up on prevention strategies

Additionally, through our work as the lead agency of The Greater Mercer Coalition to Prevent Child Sexual Abuse, we presented free, Enough Abuse community workshops – teaching 322 Mercer County adults how to prevent, identify and respond appropriately to child sexual abuse and reduce children's vulnerability.
